

- When arriving at the property to drop off your dogs, please observe social distancing rules.
- Upon arrival there will be hand sanitizer at the gate, please use this before opening the gate.
- Drive into car park around the back of the property, always put your dogs on a lead before getting them out of the car.
- There will be more hand sanitizer at the back garden gate, please use before opening the garden gate.
- All dogs must be put into the back garden by their owners.
- Once your dogs are safely in the garden, all leads and collars must be removed by owners, please take these home with you, my own leads and collars will be used while your dogs are here.
- Dog food must be left by the wall under the boot room window, right hand side of the garden gate.
- Please don't bring any beds, food dishes, toys etc. I have lots here.
- Once you've removed leads and collars, and your dog is happily settled in the garden, please use hand sanitizer again when you leave.
- All drop off times and collection times must be arranged with myself, if you can't make it for the arranged time, please get in touch to organise an alternative time. Please don't just land, as I have to make sure other clients aren't here at the same time.
